RONALD SURFIELD

STUDENT / SENIOR ROBOTICS TECHNICIAN

SKILLS

- · Web Design
- Design Thinking
- JAVA
- Front End Coding
- Problem-Solving
- Computer Literacy
- HTML
- Strong Communication

EDUCATION

HIGH SCHOOL GRADUATE

West Forsyth High School

January 2017 -

December 2021

COMPUTER SCIENCE BACHELORS

Kennesaw State University

SUMMARY

Dynamic and motivated college student pursuing a degree in Computer Science and Artificial Intelligence, leveraging hands-on experience and academic knowledge to excel in the field. Demonstrating proficiency through employment, where I provided technical support and conducted maintenance on robotic systems. Carrying exceptional service skills, delivering comprehensive assistance to customers and team members alike. Practicing leadership in the workplace. Eager to contribute my skills and passion for technology to a forward-thinking organization committed to innovation and growth in AI and robotics.

EXPERIENCE

SENIOR ROBOTICS TECHNICIAN

RobotLAB Group, Atlanta, Georgia

Present

- Technical Support: Providing advanced technical support to customers and internal teams for robotics products and systems.
- Maintenance and Repair: Performing maintenance, troubleshooting, and repairs on robotic hardware and software systems.
- Testing and Evaluation: Conducting tests and evaluations to ensure the functionality, performance, and safety of robotic systems.
- Training and Documentation: Developing training materials and conducting training sessions for customers and colleagues on robotic technologies.
- Project Management: Leading or assisting in the management of robotics projects, including planning, implementation, and coordination of tasks and resources.
